

COMMUNITY INVOLVEMENT

ATC SLC and Dallas have partnered with local battered women's shelters.

Contributions include pillows and bedding, attending fund raising events, and on-site collection boxes by vending machines.

In November 2010 ATC held its annual holiday food drive in Duquesne, Dallas, and Salt Lake City.

Over three tons of food and charitable contributions were made to our local food banks.

Beginning in Jan 2011, ATC has been sponsoring the "Meal a Day" program at the "Superate" centers in El Salvador. The center teaches English and computer skills to promising students from depressed local neighborhoods.

In association with USAid, Microsoft, and Dell, ATC is doing its part to improve the lives of those in the communities we live and work in.

In March 2011, First Lady Michelle Obama and daughters Malia and Sasha, visited the Superate Schools to paint inspirational murals.

"Superate" or "Succeed," in English, has six branches in the country. Students learn values, English and computer skills at classes inside a clothing factory in an industrial complex in the western outskirts of the capital.

Mrs. Obama spoke to the students in English, telling them they reminded her of herself and her brother, Craig. She says they both benefited from programs, like Superate, for gifted students.

"You all are well ahead of the game. So keep it up," she encouraged them.
